

Vanderhoof & District 4H Sale

Thank you for your continued
support to 4H Members in the
Community

CANADA
4-H British Columbia

- Welcome to the 2020 Vanderhoof & District 4H Auction. As we go through these uncharted waters, we as a council wish to express our thanks to the buyers for still supporting the community 4H members. We would also like to thank the members, parents and leaders for sticking with the program, even in these unprecedented times. We hope you have had the opportunity to view the numerous projects made available to you from the 4H Members, and hope you will take the time to come to the BC Livestock Auction yards to view the projects on sale day. Please contact Michelle Bach to register for the sale. kulchar_8@hotmail.com 250-567-7610
- Now, lets have a look at the projects ...

CANADA
4-H British Columbia

Paris & Violet

Hello, My name is Paris. This is my first year in 4H. I was very excited to join 4H this year, but it has kind of been a crazy one. I got to participate in Public speaking, I did a speech about my dog Buster. This year I raised a market swine. Her name is Violet. As of July 7th she weighed 112 Lbs. She has been a lot of fun. She is very friendly and loves to play tag.

Skyler & Figgly

- Hello. My name is Skyler and this is my third year in 4H. This year I took a Market Swine. His name is Figgly. His Weight as of July 7th was 138 lbs. He is such a friendly pig and is always looking for extra attention. He was a lot of fun this year. It was great we had so much rain, because he enjoys the mud so much. It has sure been a strange year with the Covid 19, but I have had a lot of fun taking care of my animals.

Bailey & Arrow

Hi my name is Bailey. I have been a member of the Mapes 4H club for two years. This year I took a market swine named Arrow. I like 4-H because I can make new friends and I learn about my pig.the activities are fun.my favorite activitie is junior camp. I like junior camp because of the experimENTS and the games.

MARKET LAMBS

4-H British Columbia

Courtney & Buddy

My name is Courtney and I am a member of the Mapes 4-H club. This is my second year of 4-H and I took a market lamb named Buddy. Buddy is a Suffolk Dorset Southdown X. He weighed 113lbs as of July 14th. This year I am the club safety officer. For my communications this year I did a speech on one of my favourite animals, bears! With this speech I placed first in the junior division for club and first in junior district speeches. I enjoyed learning about Buddy and all of his weird habits such as jumping, rubbing his head all over me, and his LOVE for grain. I also enjoyed bathing, brushing and reading to him. When I first got buddy I started to read him the book Fantastic Mr. Fox. At first I thought he was looking at the pictures, then when I wasn't looking, he was actually trying to eat the pages!

Hello, my name is Margaret, this is my sixth year in the Mapes 4-H club. My market lamb BORIS is a DorsetX lamb born on January 25th 2020. He is from my own ewe Ginger. I currently have 11 sheep but I am hoping to increase my flock. This year I attended the district public speaking event and won 1st place with my speech.

BORIS weighed 85 lbs on July 14th.

Margaret & Boris

Kiara & Willy

My name is Kiara. This is my first year in 4H. Covid 19 made my year a lot different than what I was expecting because of all the restrictions. I still had fun and learned lots of things. I did an educational display about meat rabbits. For my display I won third place. I was very happy. I also participated in rally day where I got to judge sheep and cows. I thought that was fun.

My 4H project this year is a Market Lamb. His name is Willy. I liked going and picking him out. I picked him when he was only a few weeks old. When I brought him home he weighed 35 pounds. When I weighed him last on July 13th he weighed 80 pounds. I have enjoyed taking care of Willy. I have learned many things by having a 4H lamb. I learned how to weigh and measure his grain rations, how to bathe him and clip him. I also learned the importance of good husbandry skills and how much work and time it takes to raise and care for an animal on my own.

Charity & Oreo

Hi, My name is Charity. This is my 1st year in the Mapes 4H Club. This year I have a market lamb named Oreo. My lamb weighed 80lbs as of June 30th. She is a crossbred Suffolk. I had fun this year for my first lamb. She was very fun and a good lamb. She was amazing to take for a walk. She like going with me to the mail box everyday and she likes having a bath, and getting brushed.

Jocelyn & Butch

Hello my name is Jocelyn and this is my first year in 4-H and this is my project Butch. Butch is a Simmental steer with tons of odds and ends! Butch had a start weight of 715 lbs and an end weight 1360 lbs as of July 13th. One of the things that I'll never forget about Butch is he always knew how to put a smile on my face even if he was being a brat! We taught each other a lot of responsibility but most importantly we bonded a whole lot, from taking his first steps into the trailer or just getting emotional cause he won't walk! Butch is a one of a kind steer in my book, he's a kind but energetic animal who's made me more confident and proud of him and myself. Although this year was definitely not a typical year, I still appreciate the little things that happened! Although I didn't get to participate in the fall fair I still get to complete most things. I participated in education displays, demonstrations, rally day and I got to achieve in showmanship and market!

Paige & Stewie

Hello, My name is Paige, this is my third year in the Mapes 4H club. This year I took a market steer named Stewie. Stewie has been very fun to work with and always finds a way to get dirty right after I finish washing him. He is a Charolais X and has a current weight of 1340 pounds as of July 13th. Covid has made this year quite difficult but we have still managed to work with our animals lots. This year I got to do a speech and a demonstration. I learned a lot from this year and I am very excited to see what next year brings.

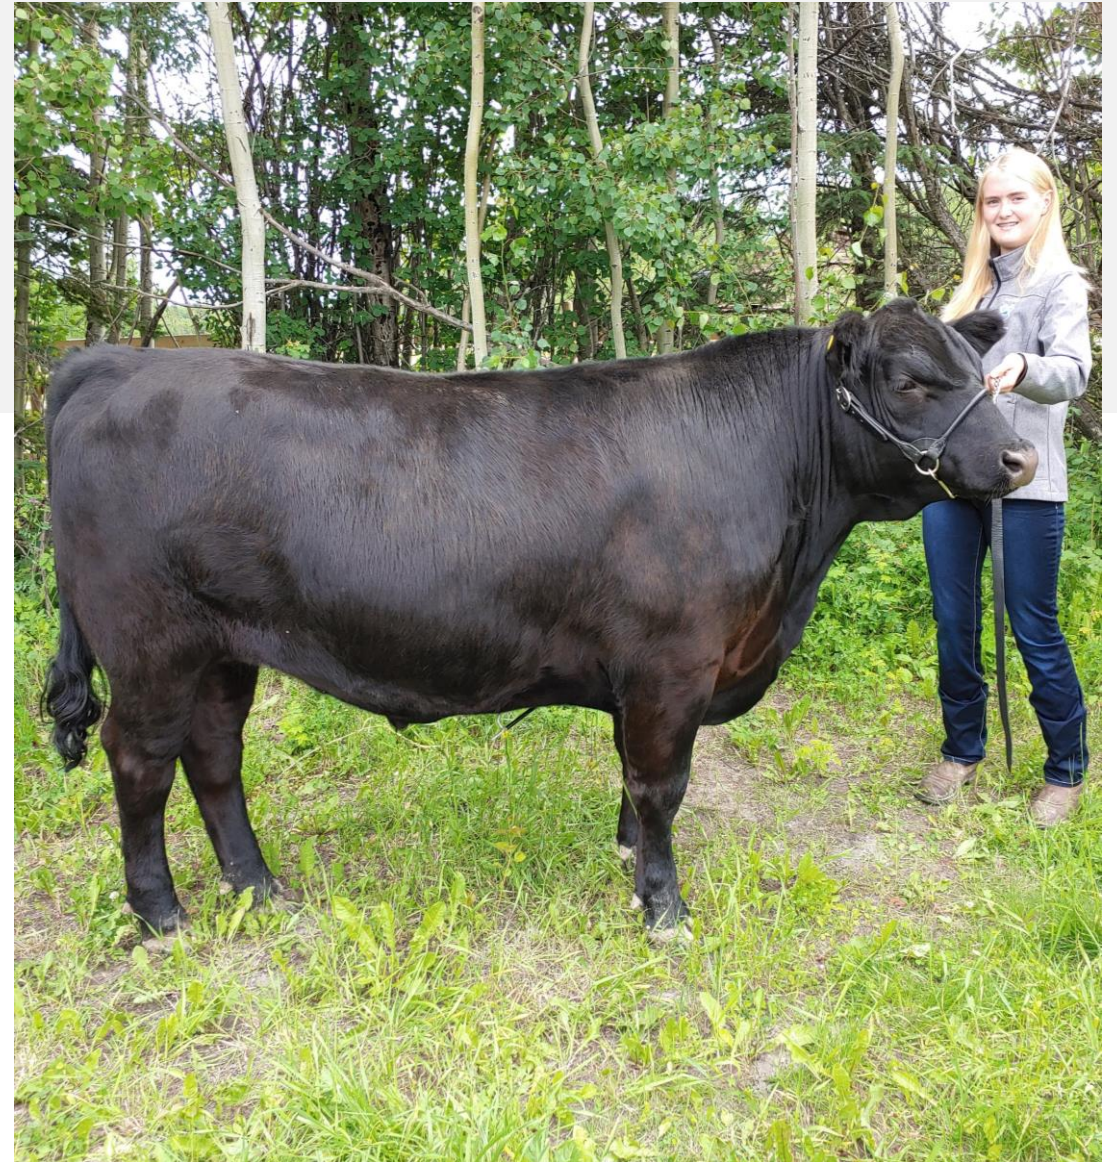

Tyson & Charlie

Hi my name is Tyson and I am 12 years old. I have been a member of the Mapes 4-H club for 2 years now. I am taking a Market steer this year named Charlie who was born April 18, 2019 on the farm. Charlie is a Char X steer and currently weighs in at 1400lbs as of July 13th. Charlie and I make a great team and this year he has taught me lots. Charlies favorite thing besides food and head nudging is to be scratched. He is like a big kid!! I will say this year was definitely a learning experience as Covid didn't allow me to do everything 4-H has to offer. I still got to participate in public speaking and rally day which was fun but different but I still learned a lot.

Mackenzie & Jack

My name is Mackenzie, this is my 5th year as a member of the Mapes 4-H Club, second year as club secretary, and my first year taking a market steer. His name is Jack, he is a purebred Black Angus and he loves to lick things. Jack weighed 1180lbs on July 12th. This year I learned a lot about how to train, clip, feed, groom and show a steer. This year I also did a demonstration and placed first at club level. I really enjoyed learning more about Jack and learning how to properly care for him, except packing water all winter.

Evan & Dash

Hi, my name is Evan. This is my sixth year in 4-H and it's been the weirdest due to covid-19. I did a demonstration with Mackenzie Martens and sadly could not attend districts. I took part in rally day as usual and I am curious on how I did. I was excited to attend my first provincial trip but sadly it was canceled due to covid.

This year my market steer's name is Dash, he is a red angus, Hereford cross. As of July 13th, Dash weighed 1195lbs. I bought Dash off my older brother Nic. Dash's starting weight was 850lbs, so Dash gained a total of 345lbs. One of my biggest challenges with Dash was teaching him to walk with his head up. Dash was really easy to work with in the trim chute and was really patient while we were clipping him.

Riley & Monty

Hi there, my name is Riley. I am a member of the Mapes 4-H club. This is my 6th year in 4-H and my 4th year with a market steer. My steer is a red angus named Monty that I bought from my Dad. Monty weighed 1330lbs on July 13th.

Monty has been a great steer, one of my favourites for sure. He absolutely loves his grain and he really enjoys being bathed and groomed. I also have a cow/calf project this year and it has been so much fun. My cow Fancy is a registered black angus with a registered black bull calf by her side. Although its been an odd year for 4-H with covid going on, I am still very proud of my steer and the accomplishments I have made. This year I did an ED display about prolapses in cows and I finished 2nd in my club. I was very thrilled. I also participated in rally day, the 4-H @ home learning program, club weigh days, meetings, and show practices. I am really looking forward to showing and selling my steer this year. He is finishing so nicely, and I believe he is the best steer I've raised throughout my 4 years of beef projects.

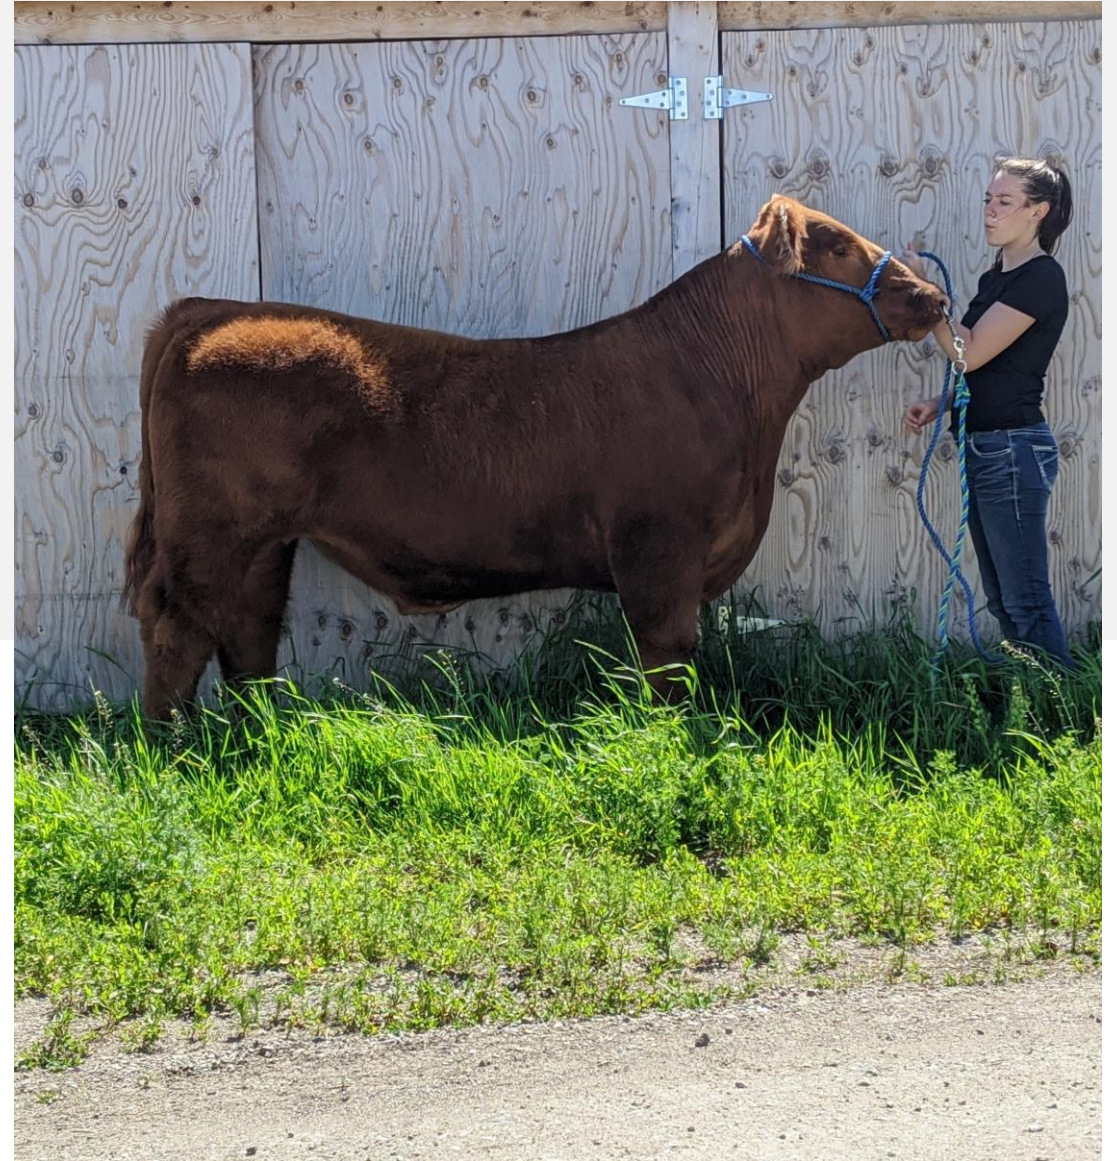

Weston & Rocky

This is Rocky! Rocky is my 6th 4-H steer and probably my last, as i am heading to college in Alberta this fall. This is my 9th year in 4-H as a member of the Mapes 4-H club, i am currently the president of the club and have been for the past 2 years. I purchased Rocky from the Take the Lead sale hosted by The Cliffs Farms in Hepburn, Saskatchewan. Rocky has been one of my favorite steers to work with because he has alot of hair to groom! it has been a bit of a challenge to break him, but I worked with him every chance i had, And even though he is really shy and doesnt like anyone but me he has came a long ways from where he started.i bought rocky last fall with the intetion of taking him to multiple shows across BC but Covid did a very good job of ruining that plan. so even though i havent got to take him out and show him off like I had hoped we still had a pretty good year! but if you are looking for some beef to put in your freezer look no further as this is one of the thickest and meatiest steers I have ever raised! Rocky will be selling in the 4-H auction at BC livestock yards on August 8th, so come and take a look! you wont be able to miss him!

Bailee & Chubbs

Hi My name is Bailee and I am a member of the Mapes 4H Club. This will be my 7th year as a member of 4H. This year I had the opportunity to take my 4th Market Steer. His name is Chubbs. I purchased him from Alberta. He is out of a Red Angus cow, and his Sire is a Club Bull named Fu Man Chu. The year was quite a challenging year due to Covid-19, but fortunately our club was still able to have Rally Day and a Communication Event. I participated in the communication event by doing an Ed Display on Corona Virus. Thank you for your continued support of 4H. Chubbs weighed 1125lbs on July 13th.

Becky & Johnny

Hi, I'm Becky and this is my 7th year in the Mapes 4-h club and my 4th year taking a market steer. I also have a cow calf project this year. This is my steer Johnny. I've really enjoyed being able to work with my projects more this year because of covid-19. I got my steer from my parents herd. The only challenges I had with him we're getting him to like me and making him cooperate.

Andrew & Duke

Hi, My name is Andrew. This is my 7th year in the Mapes 4H club. This year I have a market steer named Duke. He is a Hereford Simmental Club Calf, that I purchased from Crossing Creek Cattle in Alberta. This years 4H was really different and difficult because of covid. For instance, we weren't able to do the things we usually do in a year like go to shows and have club meetings. I did participate in Rally Day, and I am waiting to find out how I will be able to do my Speak and Show, which is usually held at the Fall Fair. On July 13th Duke weighed 1210lbs.

MARKET SWINE

Brought to you by

- Kiya G.
- Colin B.
- Brett A.
- Liam B.
- Ashlyn A.
- Aspen A.
- Tia A.
- Hyrum A.
- Quentin A.
- Ruger A.

Kiya & Higgins

Hello my name is Kiya and this is my 7th year in 4-h. This year I have had the privilege to continue with 4-h even though the world was hit with Covid. I was still able to attend rally day and I am still able to do my achievements in swine and horse.

My swine project this year is named Higgins. He is named after Higgins off of the 80's hit show Magnum P.I. Higgins has had an average weight gain of 2.2lbs a day. As of June 30 he weighed in at 203lbs. Higgins has continually proved that pigs are intelligent creatures. Even when getting out of his pen Higgins always came back when called.

Colin & Porkchop

Hi, My name is Colin. My project this year is a swine, her name is Pork Chop. She is a Pietra cross. She was born on February 18th at Big Sky Farms. On June 30th, she weighed 150lbs. She likes to play in water and get scratches. This year in 4H I did a speech and 4H meetings. In past years I enjoyed Junior Camp and Fall Fair. I am looking forward to moving up to being a senior and being able to have club outings next 4H year.

Brett & Mrs. Porkchops

Brett has enjoyed interacting with and taking care of Mrs. Porkchops for his first year of 4H. His pig is friendly and likes a good back scratch when eating. Brett was thrilled to see that Mrs. Porkchops loves to play with her rope toy! He was interested to learn about the different types of diseases pigs can get (his pig is perfectly healthy though!). When weighed on June 30, Mrs. Porkchops was 156lbs.

Liam & Pikachu

My name is Liam. My project is a Market Swine. His name is Pikachu. He is a Pietra cross. He hates water but likes scratches and fresh grass. He was born on February 18th, at Big Sky Farms. On June 30th he weighed 161lbs. This year in 4H I did a speck and placed 2nd. In past 4H years I enjoyed speeches, Leathercraft, Junior camp and club get togethers. Mmmm...Food! Next year in 4H I am looking forward to Junior Camp and Club outings.

Ashlyn & Twix

My name is Ashlyn this is my fourth year
In 4h. I am doing a market swine; my pigs name is Twix.
She was born February 18 2020.
Twix is a landrace/
Yorkshire/ Pietran/ duroc cross.
I am also doing a sow and piglets project.
the piglets are due July 14 2020.
I enjoy horseback riding and drawing.

Aspen & Loki

My name is Aspen. This is my fourth year in 4-h. I am in the Wranglers 4-h club and I am doing market swine for my project this year. My Pig's name is Loki and was born February 18, 2020. He is a Landrace/Yorkshire/Duroc/Pietran cross.

I like reading the Harry Potter series, horse back riding, roller coaster rides, and going camping.

Tia & Reno

My name is Tia. This is my fourth year in 4h. I am in the Wranglers 4h club and I am doing market swine for my project. His name is Reno and was born February 18, 2020. He is a Yorkshire/Landrace/ duroc/pietran cross. I enjoy spending time with my friends and horseback riding.

Hyrum & Toby

My name is Hyrum. This is my fourth year in 4-h. I am in the Wranglers 4-h club and I am doing market swine for my project this year. My Pig's name is Toby and was born February 18, 2020. He is a Landrace/Yorkshire/Duroc/Pietran cross.

I enjoy camping, hunting, fishing, and snowboarding.

Quentin & Murdock

My name is Quentin. This is my third year in 4h. I am in the Wranglers 4h club and I am doing market swine for my project. His name is Murdock and was born February 18, 2020. He is a Yorkshire/Landrace/ duroc/pietran cross.

I enjoy spending time with my brother Owen outside building forts, camping, and hunting.

Ruger & Porky

My name is Ruger. This is my fourth year in 4-h. I am in the Wranglers 4-h club and I am doing market swine for my project this year. My Pig's name is Porky and was born February 18, 2020. He is a Landrace/Yorkshire/Duroc/Pietran cross. I enjoy hunting, fishing, and snowmobiling.

Iara & “Hope in the Dark”

“Hope in the Dark”

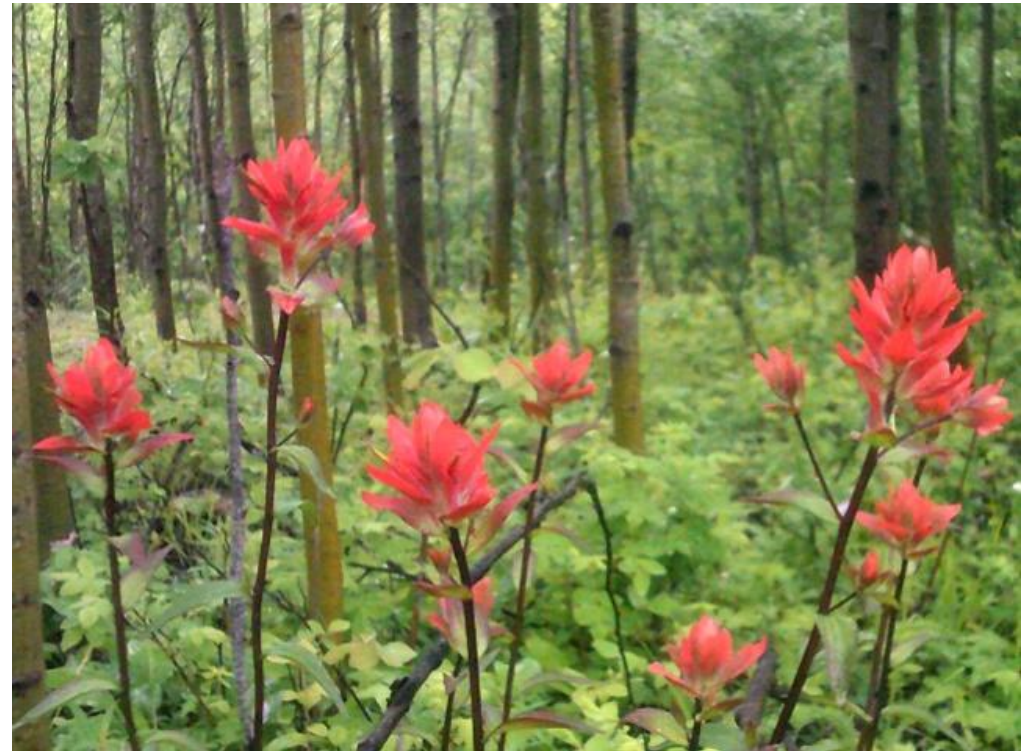

This picture I took for my 8th year in 4H and photography project will be a part of the 4H auction on August 8th and judged on August 1st! Feel free to share!

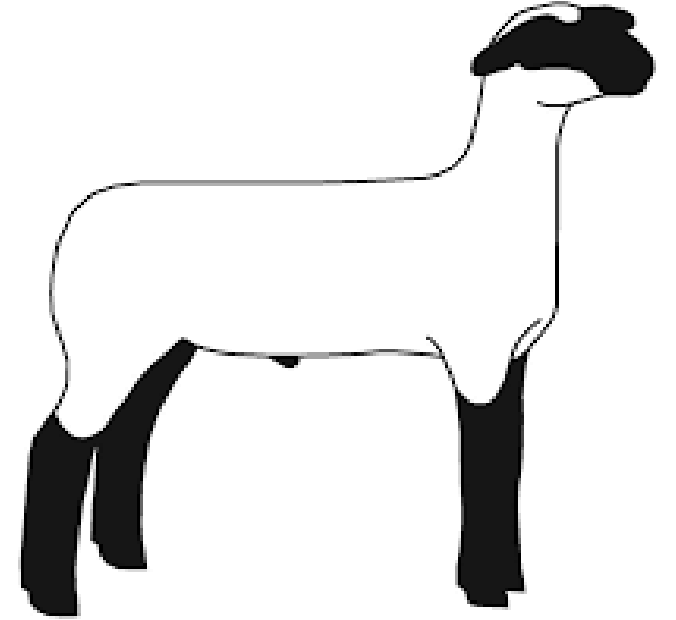

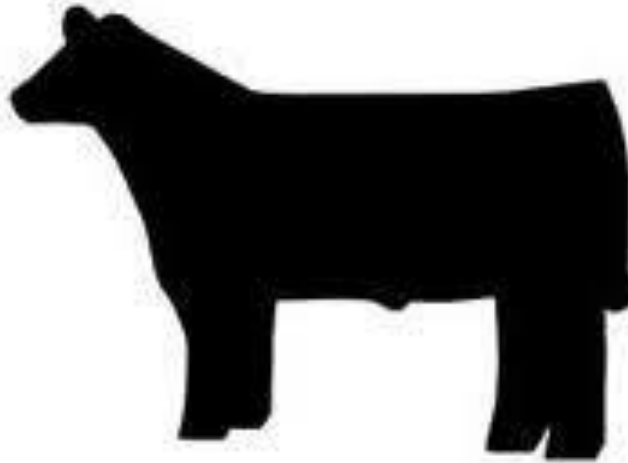

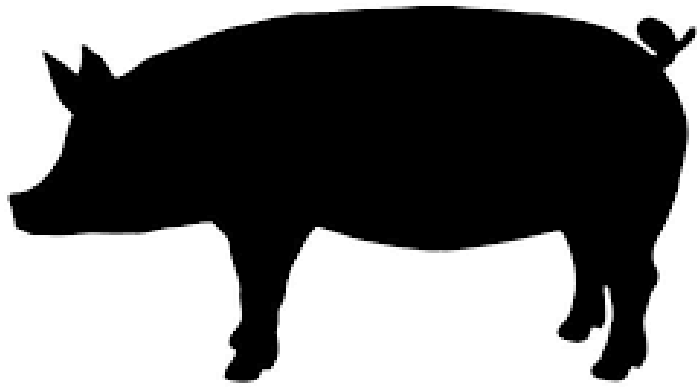

The Story: A beautiful lonely flower is held with care in a dark environment where all things seem hopeless... however, no matter how lost, how alone, how scared, or how terrible one can feel... hope is there all the time in a beautiful, stunning form!

Zennovea & “Glory”

Hello, my name is Zennovea. This is my 1st year in 4H. I am taking Photography as one of my projects. I have been taking pictures on all of our hikes. The picture I have chosen is called “Glory” and it is a forest scene. It was taken near my home in Engen.

MARKET SWINE

Brought to you by

Steven K.

Nathan K.

Tristan M.

Broc B.

Samuel K.

Steven & Wilbur

Hi, my name is Steven. This is my second year in 4-H doing a swine project. My pig's name is Wilbur and his breed is Yorkshire/Landrace. He was born on February 24 and was purchased through Fox Dairy.

Nathan & George

Hi, my name is Nathan and I am 15 years old. This is my second year in 4H with a swine project. My pigs name is George and he was born on February 24. His breed is Yorkshire/Landrace and he came from Fox Dairy, just outside of Quesnel.

Tristan & Scar

My name is Tristan and I am 11 years old. This is my 2nd year in 4-H and my project is a market swine named Scar. He is a Yorkshire Landrace cross and was born on February 24th at Fox Dairy in Quesnel. Being a part of this club has taught me a lot! I have learned that there are many parts of animal husbandry and keeping track of my project's growth, expenses, and health care has been a great learning experience.

I have really enjoyed raising Scar and working on showmanship with him.

Broc & Butch

My name is Broc and I am a member of the North Valley 4H Club. This is my second year in 4H raising a market swine. My swine's name is Butch, he is a Landrace/Yorkshire Cross. Butch was born on March 20, 2020. I purchased Butch on May 1, 2020 from Fox Dairy Farm in Quesnel, B.C. When I first bought Butch I had a broken arm so it was quite hard to bond with him at first. Shortly after I had my cast removed from my arm I broke my foot riding my dirtbike. I could have let it set me back but I was determined to raise a good swine so I did what I needed to do. Butch loves to eat grass, peas and wallow in the mud, which has been easy to do with all the rain we have had. Thank you for supporting our 4H Club. I hope you enjoy seeing my market swine

Samuel & Chewbacca

My name is Samuel and this is my 3rd year in 4h. My 4h swine is named Chewbacca. He was born on Feb 24, 2020. I bought him from Fox Dairy in May. I like my pig because I can easily scratch him and he is friendly. I enjoy 4h because I get to learn how animals live and grow. I'm hoping to do a steer project next year using the money that I get from selling Chewbacca.

MARKET LAMBS

Brought to you by

Kinsley B.

Brynn A.

Finley B.

Natalia B.

Madeline M.

Kinsley & Elton

My name is Kinsley, this is my 1st year in 4-H. This year I did a speech, which I placed 2nd at club level and I have been raising a market Lamb. Elton is a Dorset/Suffolk cross born January 23, 2020, purchased from Sean and Laurie Rodgers. He is friendly and likes to eat your clothes and play with his brother Astar in their pen.

Brynn & Kenny

Hi! My name is Brynn and this is my second year as a 4-H member of the North Valley 4-H Club. This is my second year with a market lamb. This year's lamb is named Kenny after Mr. Threkheld, the auctioneer. Kenny is a Suffolk/cheviot cross born on January 20, 2020.

I purchased Kenny from Nicole Oben in Houston, BC. He is the full brother to my lamb last year. Kenny loves to run and play and eat grain. He can be hard to catch sometimes, but once caught loves scratches.

Finley & Howie

My name is Finley and I am a second year member of the North Valley 4-H club. This year my project is a happy, healthy Suffolk/Dorset lamb named Howie born on February 7th. I purchased him from Sean and Laurie Rogers on April 15th. When I first got Howie, he weighed 43 lb. Which is nothing compared to the 89 pounds he was at the last weigh day!

In the beginning, when I first got Howie, he didn't like people or being caught. After spending many, many hours with him, he loves people and gets excited when he sees the halter. When I'm not doing 4-H, I enjoy riding my horse and being with friends.

Please come and support myself and my fellow 4-H members at the Auction Mart on August 8th. Thank you for your continuing support!!

Natalia & Tank

Hello my name is Natalia. I am a member of the North Valley 4H Club and this is my second year raising a 4H lamb. My lamb's name is Tank, he is a Dorset/Suffolk/Hair Sheep Cross. Tank was born on January 22, 2020. I purchased Tank on April 25th, 2020 from Sean and Laurie Rodgers Farm in Vanderhoof, BC. I have spent a lot of time with Tank considering he was very timid when I got him. Due to Covid19 I have had a lot more time to spend with Tank than I expected. He loves people and to follow me into the house and look at himself in the bathroom mirror. Tank is also a little escape artist. He loves to get out and follow me around the yard and get into his grain. This year with Tank will definitely be memorable. Thank you for supporting me and our 4H Club. I have put a lot of love, time and effort into making my market lamb perfect for you and your family.

Madeline & Friday

Hello, my name is Madeline and I am a member of the North Valley 4-H Club. This is my second year in 4-H. My project this year is a market lamb named Friday. He is a Suffolk/Dorset cross and was born January 22, 2020. I bought him from Canterbury Farm, in Vanderhoof.

Marissa & Lucifer

Hello, my name is Marissa I am 16 years old and a member of the North Valley 4-H club. This is my 6th year in 4-H. This year I get the pleasure of being the treasurer of the club!

This year I am doing a beef project along with my horse project. My steer's name is Lucifer. I bought him as a 7-month-old. From Luke Muehlen. This is my 2nd year doing a beef project.

I have really enjoyed having my steer this year; he has brought joy and laughter to me. He enjoys eating all the grain himself, even my brother's steers grain!

Lucifer has had some learning curves that we have worked through like when we were setting up the electric fence and him thinking the electric fence would taste good. Definitely don't think it tasted very good!!

Lexi & George

Hi my names Lexi, this is my 7th year in 4H and my 3rd year with a market steer. This year I have a black angus Simmental cross named George that I bought from Pat Muehlen. This year has been difficult due to covid and not knowing what was going to happen with 4h, but in the end the goal has always been the same, to raise a healthy, happy, and tasty beef project. Id like to thank my previous buyer Stephen Bros. Contracting for supporting me and my fellow 4h members. Other then 4h I enjoy riding horses and playing hockey, soccer and volleyball. Thanks for your support!

Hannah & Jasper

Hi! My name is Hannah and this is my steer Jasper. This is my 4th year in 4H and my first year doing a beef project. Jasper is a Speckled Park born March 24, 2019 from True Blue Farms. I've had a bit of feeding issues with him but overall he's been a pretty good steer. Except for the time when he would decide that he didn't want to be caught by anyone (not even for grain) for weeks at a time! He's super sweet though and has a cute little moo that he'll make when he wants something. Thank you for considering my Steer.

Eli & Maui

Hello, my name is Eli. I am 11 years old and a member of the North Valley 4-H club. This is my 3rd year in 4-H. This year I get the pleasure of not being on the committee board of my club!

This year I am doing a beef project. My steer's name is Maui. I bought him as a 7-month-old. From Brian Hall. This is my 1st year doing a beef project.

I have really enjoyed having my steer this year; he has brought joy and laughter to me!

It has been a bit of an adjustment working with an animal so much bigger than me. Maui has had some walking issues but we fixed that by making him walk backwards. We could do 8+ circles around a round bale feeder backwards! Now that's impressive!

Dyllan & Dumbledore

My name is Dyllan this is my 3rd year in 4-H. This year I did an educational display, which I placed 1st at club level and 2nd at Districts and I have been raising a market steer. Dumbledore is a Black Angus/Hereford cross born March 20, 2019. He is a very calm steer, I could catch and lead him around on the 1st day. I want to thank Craig Nugent and Charlene Nuefeld from CTN Ranching for the perfect fist beef project!

Jackson & Tobias

My name is Jackson and this is my 3rd year in 4H. My steer's name is Tobias. He was born April 1, 2019 and I bought him from True Blue farms. He's super easy to catch which is nice when I go out to do chores. I enjoy 4H because it teaches me about livestock and how to raise them. I hope to buy another steer with the money I get from this one.

Claire & McFlurry

My name is Claire this is my second year in 4-H and second market beef project. I bought Mc. Flurry last September from Spady farms located in Williams Lake BC. He is a shorthorn Maine cross and was born May 3rd of 2019. Besides 4-H I play hockey on a mix and girls team. The girls team won gold in surrey in our last tournament before Covid 19 stopped us from playing . Thank you for your support to us 4-H members in these tough times we all worked so hard on produce good quality animals for this community's consumption.

Bayley & BoBo

My name is Bayley this is my seventh year in 4-h and my seventh market beef project. I bought BoBo last September from spady farms located in Williams lake BC, He is a Maine Anjou angus cross and was born March 28th, Besides 4-h I play hockey in the community and heading into grade 12 next year then planning on heading to veterinary school in Saskatchewan to follow my dreams of being a vet! Thank you for your support towards us 4-H members in these tough times as we have all worked so hard to produce quality animals for this community's consumption

Emmett & Lester

My name is Emmett and this is my steer, Lester. I am 16 years old & a member of North Valley 4H club. This is my 6th year in 4H and my 4th year with a beef project. Lester is a Black AngusXHereford/Simmental born April 2, 2019. I bought Lester from my uncle, Jason Beier. Lester was pretty easy to halter break & has been a nice steer to work with. I have participated in club meetings, weigh days, show practices, rally day, & I placed 2nd in our club's Educational Display competition. Outside of 4H I help out on our family farm, and I enjoy dirt biking & downhill skiing. Thank you for your support of 4H in our community.

Rebekah & Eeyore

My name is Rebekah. This is my 5th year in 4-H and my 3rd year doing a steer with North Valley 4-H. My steer's name is Eeyore and I got him from Lyle Wiens. He is a Red Angus Simmental cross. He weighed 1174 as of July 6, 2020. He has been fed a mix of beef ration, oats and, barley.

Matthew & Gary

Hello, my name is Matthew and I am 14 years old. I am a proud member of the North Valley 4-H Club in Vanderhoof, BC. This is my fourth year in 4-H, but this is my first steer project. My steer (named Gary) is a Black Angus - Simmental Cross that I was able to purchase from Luke Muehlen of L.A. Ranch in Vanderhoof, BC. When I got my steer in October, 2019 it weighed 645 pounds and it was born on March 13, 2019. My steer is currently showing a very good level of finish and I am working very hard to make this steer the very best quality possible. The final weight of my steer is expected to be approximately 1375 pounds at the 4-H auction. Thank you for your interest in my steer

Heidi & Rufus

My name is Heidi. I am almost 14 years old and I live in Fort Fraser. I am a fifth year member of the North Valley 4-H club. My project this year is Rufus, a Red Angus/Hereford cross steer born April 5, 2019 on Evert Byers farm. Rufus began at 845lbs on February 15th and on July 6th he weighed 1280lbs. Enjoy the rest of your summer

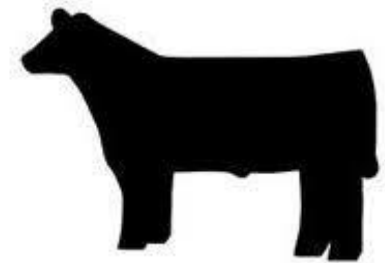

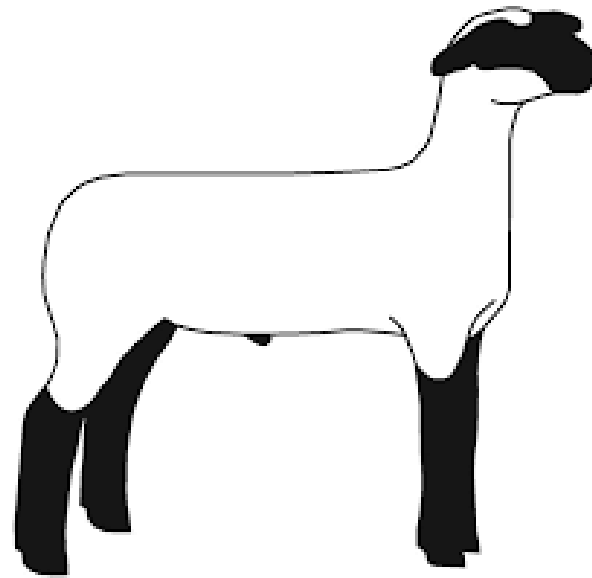

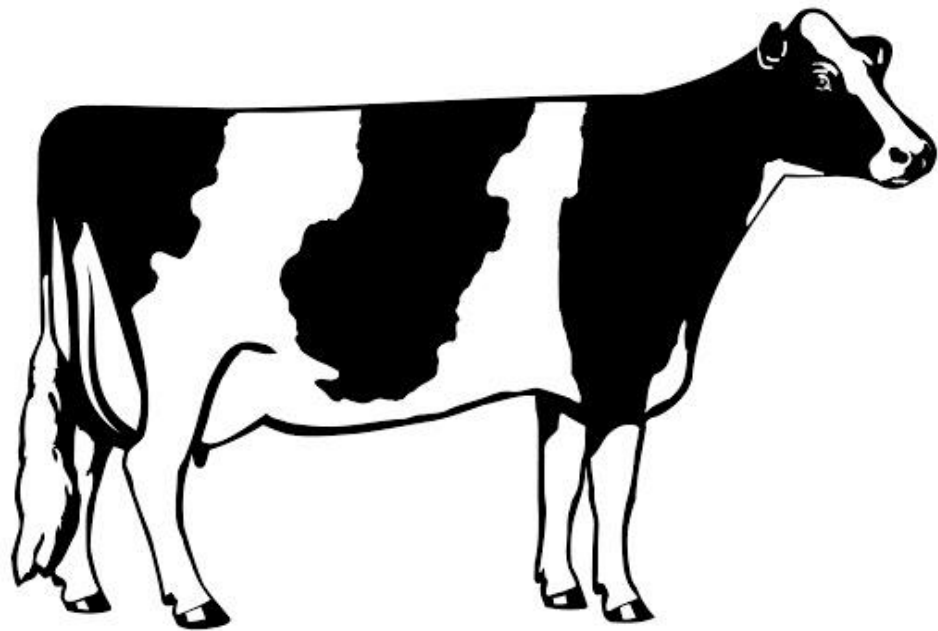

Emma & Freddy

Hello, my name is Emma. I am 15 years old and a member of the North Valley 4H club. This is my 3rd year in 4H and second with a beef project. My steer is named Freddy, he is a Black Angus Cross, born on May 15th 2019. I purchased him from C4 Ranching last fall. My steer is good to work with but a bit moody. I have attended club meetings, weigh days, show practices, rally day, and created an Ed Display for my communications project. Some things I enjoy are playing soccer, going to the lake, and animals. Thank you for your support of 4H.

MARKET SWINE

Brought to you by

- Brody B.
- Meyer H.

Brody & Frank

Hi, my name is Brody. I am a first year 4-H member in the Nechako Valley Dairy and Beef 4-H Club. My swine's name is Frank. As of July 14th, he weighed 182 lbs. My swine is from Fox Dairy Farm in Quesnel. I fed him grower feed pellets and kitchen scraps. My Ed display topic was "How to Bottle Feed a Calf". I also participated in the District Rally Day. This year I learned that pigs don't sweat so they need mud to keep cool.

Myer & Jackson

Hi, my name is Myer and I am a member of the Nechako Valley Dairy and Beef 4-H Club. I am 10 years old, and this is my first year in 4-H. I really like 4-H because I have met new people and have been able to own my own animal. I am taking a market swine project and his name is Jackson. He is a Yorkshire/Duroc cross and I purchased him from Tenish Farms down in Salmon Valley. As of July 14th, Jackson weighs 224lbs. I enjoy feeding, playing with and cleaning Jackson. This year, in 4-H, I have learned a lot about animals; how to take care of them and how to judge different types animals. I participated in our District Rally Day, and I created an Educational Display on "The History of Wrestling". I have also learned how to participate in meetings and keep track of feed and growth in my Record Book. Next year, in 4-H, I would like to raise a cow because they are more challenging. When I graduate high school, I would like to go to college or university to become a teacher or carpenter.

MARKET LAMBS

 - Alex I.
 - Colton I.
 - Soraya J.

Alex & Buddy

Hi, my name is Alex, and I am in the Nechako Valley Dairy and Beef 4-H Club.

This year I was elected the treasurer for the club. In this position I have learned how to write cheques, issue receipts, keep records of cheques that have been written and give a monthly treasurers report to the club. This year I am taking a dairy heifer and market lamb on as a project. My lambs name is Buddy; he is nice but stubborn at the same time. This year I learned that you must use a show halter, and you walk backwards while showing your dairy heifer. I did a speech this year about football and my experiences of playing football. 4-H has helped me build confidence to stand up in front of a group of people and do a speech.

Last years sale of my market lamb went towards purchasing a new dirt bike. This year I am saving to purchase a heifer to start my own herd.

My lamb weighs 92 Pounds as of July 14, 2020.

Colton & Kawi

Hi, my name is Colton and I am the president of the Nechako Valley Dairy and Beef 4-H Club, or more commonly known as NVDB. This is my second year in 4-H and I took on a market lamb named Larry, and a dairy heifer named Kawi. Larry is a very unusual sheep; as soon as I clean him up and make him all nice, he rolls in all the mud; same with Kawi. She is my favorite animal out of the two and the weird name is short for Kawasaki the dirt bike, and in my opinion that is the best dirt bike brand.

For the communication event I did an Educational display on "How to drain the oil out of a yz85". I did good on it and learned what to do better for next time. Last year I did a speech and got fifth place. This year I was elected president of the NVDB 4-H club. I've learned how to efficiently run meetings and keeping the members on task. Part of the money I will be receiving this year will go towards buying my own livestock like cattle and the rest will go into savings for trade school; I am wanting to be a carpenter. My sheep weighs 92lbs as of July 14th, and has been gaining about .5lbs per day since I got him. Thanks for taking the time and reading my letter. Sincerely, Colton Irvine

Soraya & Francis

Hello, my name is Soraya and I am a member in the Nechako Valley Dairy and Beef 4-H Club. I am selling my market lamb, Francis. Francis is a cross between Suffolk and Dorset. He weighs 93lbs as of July 14th and he is very friendly. It is funny that Francis thinks his friends are the mirrors that my mom installed in his pen; he likes to sleep by them so he doesn't feel so alone. I love 4-H because it gives me a chance to raise a sheep and be involved in the community. Francis and I are best friends, he even likes follows me around like a puppy. I groom, trim, and exercise him every day. He may look small but is really the best sheep ever. Francis and I cooperate well together he is well fed, and he has a nice shelter. We got Francis from Sean and Laurie Rodgers. I am going to miss Francis skipping around our barn like an excited fawn, sleeping in the corner of his pen, racing me to the gates, and walking him down the field. This year I was elected secretary of our club, and I presented a speech on Corral Reefs at Club and District level. I also participated in District Rally Day. Thank you for supporting 4-H by coming to the auction and seeing my cute and funny sheep.

MARKET STEERS

H British Columbia

Molly & Ace

Hi, my name is Molly. This is my second year in 4-H, in the Nechako Valley Dairy and Beef club, and my first year doing a beef steer project. This year I presented a demonstration with a fellow club member on "How to make Brownies". I also participated in our District Rally Day. I have had a lot of fun doing a steer and I learned a lot about steers and how to handle them. My steer's name is Ace. He is a Black Angus X and I got him from Little Valley Farms. I am going to use the money from my swine project last year and from my steer this year to buy a horse so that I can help on the farm more and practice roping and sorting. I fed my steer quality ration to bring you a well fed, well finished 4-H market steer. He is implant free, and as of July 14th Ace weighed 1,360lbs.

Jessica & Manny

Hi, my name is Jessica, and I am a member of the Nechako Valley Dairy and Beef 4-H Club. This is my 3rd year taking a market steer. His name is Manny and he is $\frac{3}{4}$ Red Angus and $\frac{1}{4}$ Simmental. As of July 14th he weighs 1180lbs with an average daily gain of 3.7 lbs. I have been feeding him locally grown grain and hay.

This year I have been researching what I would like to put my 4-H proceeds towards, and I would like to become either a Registered Massage Therapist or a Chiropractor. This way I can have a home business while having a large ranch.

4-H has taught me that putting in hard work and never giving up pays off in the end. I can't say it's been easy, but I can say it has been worth it.

Kathleen & Sid

Hi, my name is Kathleen, and this is my 4th year in the Nechako Valley Dairy and Beef 4-H Club, and my 2nd year raising a market steer. My steers name is Sid and he is a Simmental/Black Angus cross and as of July 14th he weighs 1180 lbs with an average daily gain of 2.7 lbs. I have been feeding him all locally grown grain and hay.

This year I completed an Educational Display on "Healthy Eating".

I am saving all my 4-H proceeds so I can attend university to become a Veterinarian

Jessa & Felix

Hi, my name is Jessa and I am a member of the Nechako Valley Dairy and Beef 4-H Club. This is my 5th year in 4-H and my 2nd year raising a market steer. His name is Felix and he is a Simmental. As of July 14th Felix weighs 1385 lbs, and he has been gaining 3.5 lbs a day. Felix has been getting locally grown grain and hay.

This year I completed an Educational Display on "Animal Health". While creating my display I learned how to test fecal samples, how to identify different kinds of worms, and the number of eggs present in a sample.

When I graduate I am going to attend University to become a Psychiatrist.
