ATTENTION NEW PRODUCERS

New Participant Deadline Notification

The deadline for new participants is April 30th, 2014. Please contact the AgriStability administration **BEFORE the end of April 2014** for an enrolment package.

As a producer, why should I participate in AgriStability?

It is important to participate in AgriStability as the program protects producers against declines in their net farming income due to:

- Market conditions
- Increased cost of production
- Production loss

AgriStability is a margin based program. It targets individual producers and corporations. It provides equitable, whole-farm support for most agriculture commodities.

How can I apply to participate in the program?

- If you have never participated in AgriStability or have opted out in recent years, you must request a **New Participant Package**. You can access a New Participant package by:
 - Calling toll free **1-877-343-2767**
 - E-mail AgriStability@gov.bc.ca
- Producers who participated in the 2012 or 2013 program will automatically receive a package from the AgriStability administration.
