AgriStability
BC Ministry of Agriculture

AgriStability Interim Application

Producers please note the 2015 interim applications are now available on the AgriStability website www.gov.bc.ca/agribusinessriskmanagement

The Interim Payment program is an advance on a producer's final 2015 AgriStability benefit.

As a program participant, you cannot receive your full 2015 AgriStability benefit until your 2015 program year is complete. However, by using the Interim Application you can receive a portion of this benefit early if your estimated income (program year margin) declines by more than 30 per cent compared to your reference margin. The interim benefit is 50 per cent of your estimated final benefit.

To Qualify

- To apply for an Interim Payment, you must be a participant in AgriStability for the 2015 program year. Application details available in the Interim Guide.
- If you receive an Interim Payment, you must submit a final 2015 application by the deadline so your final AgriStability benefit can be calculated. If you do not submit the final 2015 application by the deadline, you will be required to repay any benefits you received through the 2015 Interim Payment.
