## AgriStability

BC Ministry of Agriculture

### IMPORTANT DEADLINE REMINDER FOR AGRISTABILITY PRODUCERS AND TAX FILERS:

The AgriStability administration would like to remind producers and tax filers that the deadline to submit your complete 2016 AgriStability/AgriInvest Harmonized form is September 30th 2017.

#### What is AgriStability?

AgriStability is a business risk management program that protects producers against large declines in their net farming income. It is a margin based program. The current year margin is compared to the reference year. If there is a margin decline of 30% or more it could result in a benefit payment being made to the producer.

The program year margin is the difference between allowable income and allowable expenses for the year.

The reference margin is the farm's average program margin for three of the past five years, the lowest and the highest are dropped from the calculation.

For more information please visit [www.gov.bc.ca/agribusinessriskmanagement](http://www.gov.bc.ca/agribusinessriskmanagement)  
Or call the toll free number listed below.

# Cattle Industry Development Council

## IMPORTANT NOTICE

Beef Cattle Check-Off increasing to \$5 per head

**DELAYED TO 2018**

The cattle industry in British Columbia is supporting the increase in check-off to \$5.00 per head beginning September 1, 2017. This \$5 represents both provincial and national check-off amounts. The Canadian Beef Cattle Check-off is increasing to \$2.50 per head and at the same time, the provincial check-off is increasing to \$2.50. These increases were made at the request of the provincial and national cattle associations.
