The client hereby certifies that the information provided in this application and in the supporting financial information, is a true statement of his/her/its financial affairs and that there are no judgments or other actions outstanding against the client.

The information provided by the client is for the express purpose of obtaining advances from PANORAMA and any advances from PANORAMA are granted relying on the strength of this application and the financial information provided.

The client by signing below, acknowledges this application as notice that PANORAMA may request information from any credit reporting agency or any credit guarantor, and further grants consent to PANORAMA obtaining from any credit reporting agency or any credit grantor such information as PANORAMA may require at any time in connection with this application. The client further consents to disclosure at any time of any information concerning the client to or from any credit reporting agency or to or from any credit grantor with whom the client has financial relations.

The client acknowledges and agrees that he/she/it will provide instructions for cattle purchases directly to his/her/its selected order buyer and that any revised instructions or differences as to price, cost or quality of livestock purchased are strictly between the client and order buyer. Furthermore the client releases PANORAMA from any liability or responsibility in this regard.

If the client is acting as his/her/its own order buyer, the client releases Panorama from any liability or responsibility as to the price, cost or quality of livestock purchased.

If the client is a company, the client warrants the client has the power to enter into the business now being conducted by it, including livestock feeding and trading and that the client has the necessary corporate power and authority to borrow money and to grant security for such loans under the Panorama Feeder Finance Program.

A guarantor may be required if insufficient or inadequate financial information is available on the client.
