RED KBJ CASI 994D

Sire:

44L has really good muscling throughout with a nice head and rib shape. Good thick loin and strong back. We purchased MBW 44L's dam Red RCHR Casi 3G at Ray Chittick's angus herd dispersal in 2022. We were very excited about expanding our female genetics with RCHR 3G however we lost her to a grizzly in August 2023. MBW 44L will add some totally new genetics to your breeding program.

Good, smooth, dark cherry red bull out of our awesome black cow. (Don't worry, red bulls on red cows = red calves) Slightly taller than the others, his 9-year-old black-red carrier dam has perfect feet and a great udder.

Another very good Fifth Sense bull calf with a really nice profile. Very balanced on a moderate frame with a good wide top and strong hip. Very low BW at 71 lbs. Calving ease & birthweight in the top 2% yet his ADJ 205-day performance was 704 lbs. Heifers and cows should love him. 52L has the best disposition of any bull I have ever raised.
